(Storage fewer than 90 Days)
FACILITY NAME: Anaconda Metal Hose
USEPA ID NO.: ILD 005 189 527

Dear Mr. Scutt:

This is to acknowledge that the United States Environmental Protection Agency (USEPA) has completed its review of your Part A Hazardous Waste Permit Application and Your letter of February 16, 1983, requesting the withdrawal of your permit application. According to the information which you have submitted, your facility has accumulated wastes generated on site for fewer than 90 days in containers or tanks since November 19, 1980, in accordance with 40 CFR Part 262.34. It is the opinion of this office, based on the information submitted, that your facility is not required to have a hazardous waste permit under Section 3005 of the Resource Conservation and Recovery Act at this time.

Please be advised that you must ensure that your waste is handled in accordance with 40 CFR Part 262.34 (enclosed), and applicable State and local requirements.

Please contact the Technical, Permits, and Compliance Section at (312) 353-2197 for assistance, if you have any questions. Please refer to "Withdrawal of Part A (Storage fewer than 90 Days)," in all correspondence on this matter.

Sincerely yours,

Karl J. Klepitsch, Jr., Chief
